PRESIDENT'S CUP CHALLENGE
Sonia Schink

SEAOC Convention Past Chair/Advisor
David Calia

SEAOC PRESIDENT 2014-2015
Ryan Kersting

2015 SEAOC Convention Nabih Youssef Young Engineers Awards
Call for Entries

To: All Younger Structural Engineering Professionals interested in attending the 2015 SEAOC Convention near Seattle, Washington

The Structural Engineers Association of California (SEAOC), in conjunction with SEAOC Fellow, Mr. Nabih Youssef, is proud to announce the Call for Entries for the Nabih Youssef Young Engineers Awards at the 2015 SEAOC Convention. This year we will recognize young engineers by providing a \$1,200 award to successful recipients of the Nabih Youssef Young Engineers Award.

We invite all SEAOC younger members to submit a project abstract and poster board concept to enter the competition for the award. Entries will be judged based on the overall information presented for projects that are unique, interesting, innovative, or challenging. The winners will be honored at the Convention during lunch on Friday, Sept. 11. Their completed poster boards will be displayed throughout the Convention.

The Younger Engineers Award Program was founded by a generous donation from SEAOC Fellow Mr. Nabih Youssef. The original intent remains: To encourage young engineers to attend the annual SEAOC Convention by offering awards to help cover their costs.

The 2015 SEAOC Convention will be held at the Hyatt Regency Bellevue on Seattle's East Side, September 9-12, 2015.

TOPIC: Any structural engineering project which is interesting and informative may be entered. The projects may be in the design, construction, or completed stage.

ELIGIBILITY: All current members of SEAOC, age thirty-five (35) or younger.

AWARDEES: One (1) representative from each regional Member Organization (SEAONC, SEAOSC, SEA OCC, and SEA OSD), and up to one at-large representative, for up to five (5) total awards.

AWARD: Winners will be awarded \$1,200 to attend the 2015 SEAOC Convention to reimburse costs including registration, lodging, transportation, and meals. In addition, winners will be allowed to invite one guest, free of charge, to the Friday lunch where their awards will be presented.

Interested parties should submit a brief abstract (300 words or fewer) describing the project, and an 8-1/2"x11" sketch/pdf of their poster board layout via e-mail on or before July 20, 2015 to:

Don Schinske, SEAOC Executive Director
E-mail: dschinske@seaoc.org

The SEAOC Excellence in Structural Engineering Awards Committee will review the abstracts and sketches. Participants will be notified by August 7, 2015 regarding award acceptance. Detailed instructions for the completion and display of the poster boards at the Convention will be sent to the winning participants at the time awards are announced.
